

KENTUCKY PHYSICIANS LEADERSHIP INSTITUTE

2027 Program Application

The Kentucky Physicians Leadership Institute, an initiative of the Kentucky Foundation for Medical Care and the Kentucky Medical Association, is designed to enhance the leadership skills of physicians who can fill emerging leadership roles and influence health care policy in the ever-evolving world of medicine. The Institute has been recognized at the state and national level for its innovation in leadership development. Our graduates have gone on to serve on professional boards, advocate for organized medicine in Frankfort, provide clinical expertise to legislators and participate in print and television media interviews. We invite you to apply today and become a part of our illustrious group of graduates.

SECTION E – 2027 SCHEDULE

Personal Leadership May 21 - 22	Finance, Organization and Governance June 25-26	Advocacy and Storytelling July 23-24	Communications August 21
This session is designed to deepen leaders' ability to connect with themselves and others in ways that create meaningful impact. Participants will explore emotional intelligence, communicating with intention and impact, and the climates they create through presence and choice. The experience is highly interactive, blending content, discussions, and role plays with time for reflection and action planning. Leaders will leave with practical tools and clear next steps to strengthen their effectiveness, build climates of trust, and lead with clarity across teams, patients, and partners.	This session is designed to introduce participations to the structure and language of business considerations in the healthcare industry. Participants will explore in-depth financial analysis of system organizations and review the components of financial statements, financial metrics-including operating margins, FTE's and productivity benchmarks and budget vs. actual reporting. Learners will engage in curriculum tied to governance and responsibility related to service on boards—including legal and fiduciary responsibilities. This experience features breakouts, case discussions, role-play and interactive sessions.	Introduces participants to the critical role advocacy plays in ensuring access to health care at the community level. Participants learn how fundraising, lobbying and the general political process shape the availability of healthcare within a community. Particular attention is given to ways in which participants can play a more active role in this process.	Introduces participants to considerations of communication with specific focus on social media platforms and how to utilize social media to leverage public health and legislative agendas. Attendees will explore best practices for communication in a virtual setting.
